Dear FCC Commissioner & Associates,  
although we are "City folk",  
we enjoy many of the programs  
offered on RFD TV.

We especially like the line  
Country music programs. We  
also find some of the agriculture  
& ranching information very  
interesting, along with 4H club  
news, recipes & horse training.

How can one TV station dedicated  
to our rural population be a  
threat to the cable or satellite  
programmers? Because of them  
we have hundreds of programs  
to choose from daily.

We are asking you to use  
your authority to investigate  
their reasons & hopefully stop  
their attempts to stop or remove  
RFD TV from their programs &  
lineups.

Thank you for your consid-  
eration of this matter.

Respectfully,

Gloria Scott &  
family.

We live in TX & have  
always enjoyed going to  
the Ozark area & Branson,  
Mo. <sup>DOCKED FILE COPY ORIGINAL</sup> due to health &  
"old age" we no longer get  
to visit that beautiful  
& wonderful place & other -

We watch TV a lot, again  
due to health problems  
etc & truly enjoy the  
RFD Station & we  
do not believe it should  
be taken off our tv list  
Septem - It is not only a  
lot of music etc but a  
lot of real news daily &  
western shows of various  
things & we are Country  
people — Please do not  
remove RFD from <sup>our</sup> ~~your~~  
viewing area as many  
others feel the same way

When you have health  
issues and are 84+94  
years of age we are  
limited to traveling &  
enjoying things we once  
did — TV can be had  
in some shows, however,  
RFD is a family type  
viewing & anyone can  
sit & watch it knowing  
it is not full of bad  
language & sex related  
shows — Again, please  
do not remove RFD from  
telling many folks enjoy  
a little extra thing.

Thank you,  
Verna Osburn

I am a former

to watch about the  
farming now in the US  
and other good programs,  
especially the rodeo's

Good programs about

To whom it may concern

RFD gives us the  
programme that we want  
to see.

Please ~~show~~ us that  
we would not lose  
the channel that is  
most important to us.

Thank you

FCC Members

I think it would a devastating  
thing for my family if RFD  
would be dropped.

It is the best channel  
on TV. We watch it alot  
& I know many many people  
that do! It would be a  
terrible thing to lose it!

I don't understand why they  
would even think of dropping  
it! Seniors love watching  
it! It would ruin TV for  
them.

Dear FCC

Please do not take away the RFD-TV channels because they are very important to us rural people. There is so much vulgar language on so many of the programs that are on the other channels. So much immorality in most of the other channels. RFD-TV has clean and informative information, all that children and elderly can take. Please do not take this channel off the air.

Sincerely  
James & Lorraine

*I just wanted to let you know how I feel about RFDTV. I am on Direct TV. It is the only channel I watch. It has everything on it, the News, Weather, Farm Shows, Antique Tractor Auctions, Country Music Shows, Cowboy Church & etc. All of their shows are clean family shows. That you can't say about the other channels. Even the Commercials are not fit to see.*

*People in this country are trying to take over but, They will wake up one of these days and realize that "GOD" is still in control. All they have to do is just look around them. They need to start reading the "BIBLE" more they will see how the devil is using them.*

To Whom It May Concern: DOCKET FILE COPY ORIGINAL

The programming provided by RFD TV is not offered by any other entity and is of great interest to people who reside in rural locations. Just because the information and entertainment may not appeal to urbanites is not justification to restrict the broadcasting of this programming.

Some of the programs are educational in nature and benefit those engaged in the business of animal husbandry and the growing and harvesting of crops. Some of the programming is entertaining to rural residents and is enjoyed weekly.

I fit into all of the above categories and do not want RFD TV to be removed from the programming provided.

Sincerely,

Weldon Adams
